
MOUNTAINEER

1986

The Senior Class Of Philipsburg-Osceola High School Proudly Presents The 1986 Mountaineer

This year the Yearbook Staff has chosen a theme for the **Mountaineer:** "footsteps in the sand and footsteps through time."

Footsteps on the sand are merely impressions that are later to be washed away by the tide, never to be recaptured in quite the same way again. As individuals, we make impressions too, and unlike *footprints, our impressions* will last a lifetime. We touch our families, our fellow classmates, our teachers, our school, and our community.

"Footprints"

One night a man had a dream. He dreamed that he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonging to him, and the other to the LORD.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

Early Years of Teaching

The Class of 1986 wishes to dedicate this year's *Mountaineer* to **Mr. Charles B. Mills** in honor of his many years of service to the school and student body.

Mr. Mills, a graduate from the Philipsburg High School, received his degrees as Bachelor of Science and Master of Art after attending the Shippensburg State Teacher's College and the Pennsylvania State University. Mr. Mills has been teaching in Philipsburg since the fall of 1951 when he taught at what is now the Philipsburg Junior High School. Currently, he is teaching Typing I and Typing II and has participated in several school and community organizations. One such organization was the yearbook of which he was the advisor.

We will all retain fond memories of Mr. Mills and his popcorn music as well as his "Ready, set, type!" It is for all his help and encouragement through the years that we want to thank him and wish him all the best in the future.

It's not easy putting a yearbook together, especially when one considers the handicaps our staff had this year: a rookie adviser and an amateur staff. Despite our many obstacles, we hope we did a good job.

A yearbook is more than a mere scrapbook of photos: it's a memory book filled with happenings, special events, and highlights of activities that occurred throughout the school year.

Exchange Student

This year our school has been host to a foreign student from Ojeda, Venezuela; **Carlo Pulido.** He arrived in the United States during the month of August, 1985 for a full year term as a participant in the Rotary Student Exchange Program.

Carlos, a member of the senior class, adapted to his new environment without difficulty. In a short time he established himself as a popular figure among the members of the student body.

Carlos has found very few differences between our two lands outside of the weather.

The students who have made his acquaintance have found him to be a personable young man who possesses many talents. We wish him well in all his future endeavors.

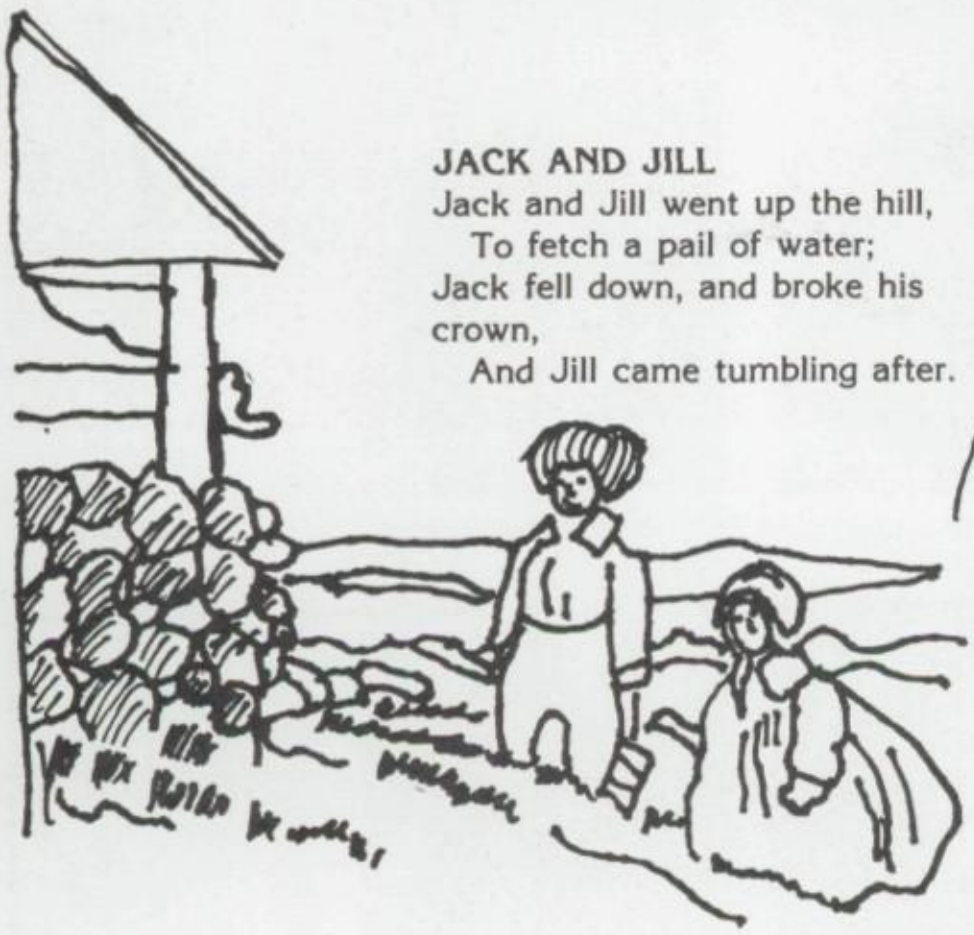
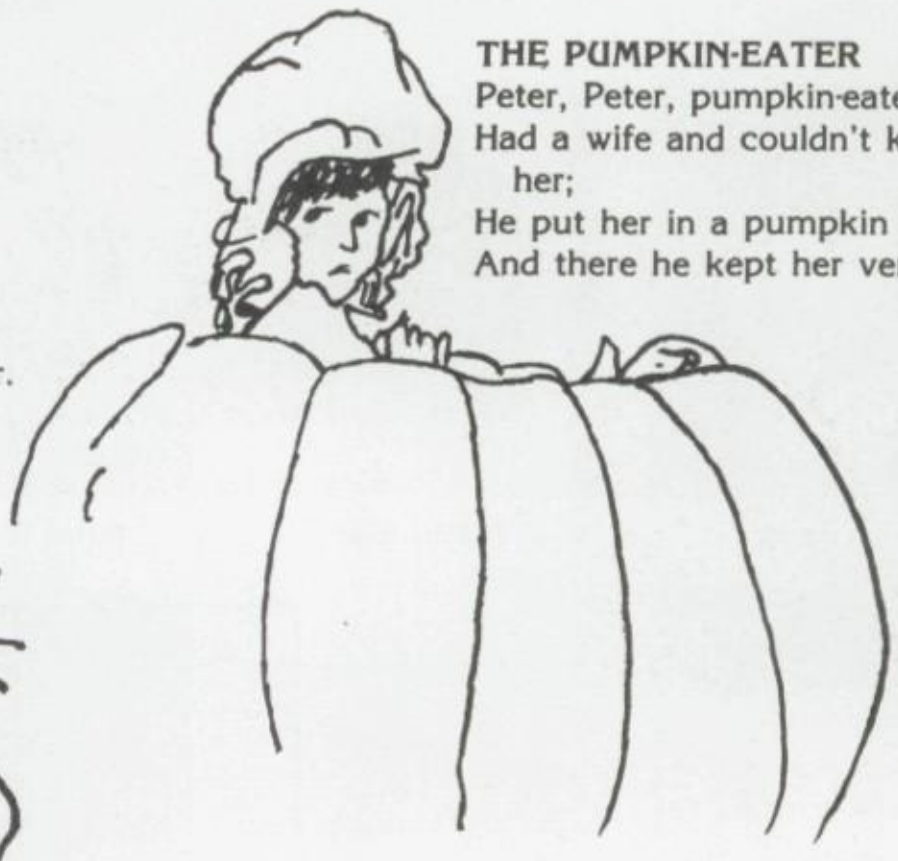
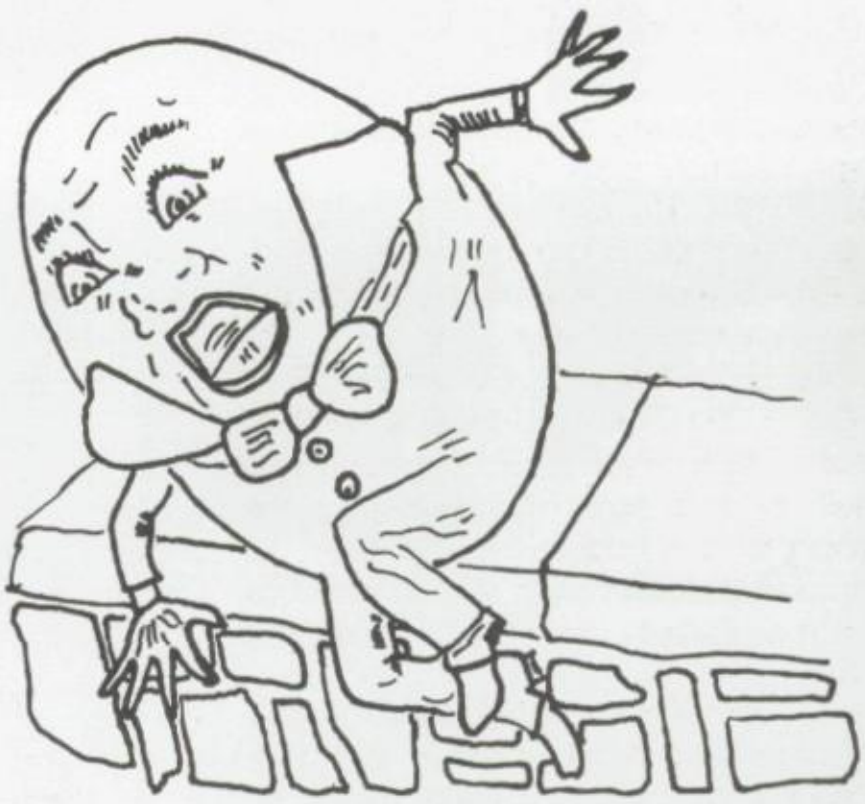
Childhood Memories: Remember These?



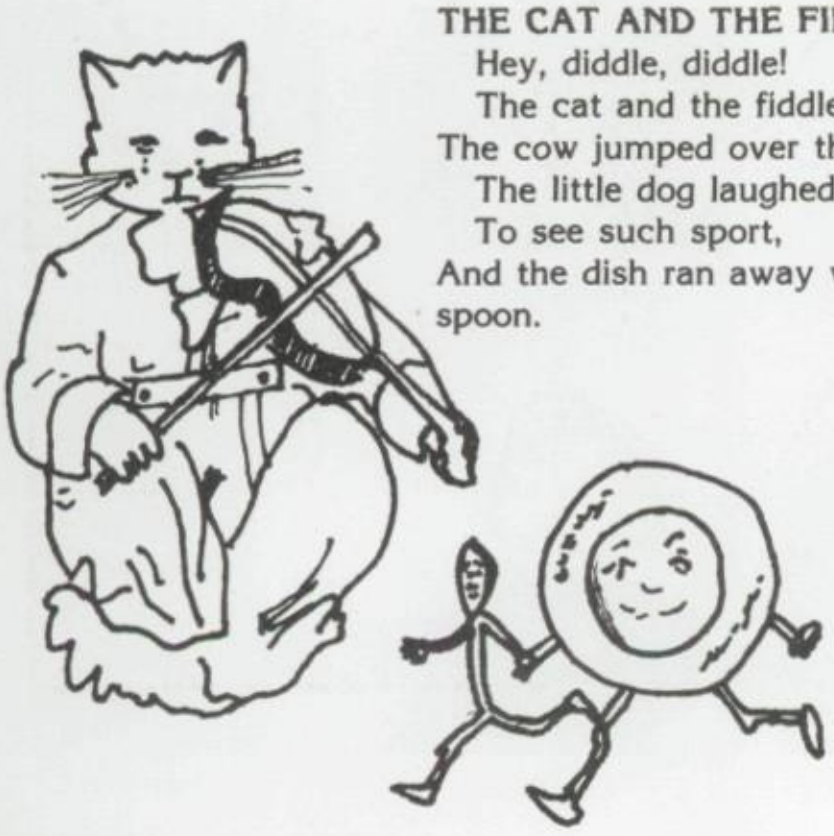
JACK AND JILL
Jack and Jill went up the hill,
To fetch a pail of water;
Jack fell down, and broke his crown,
And Jill came tumbling after.



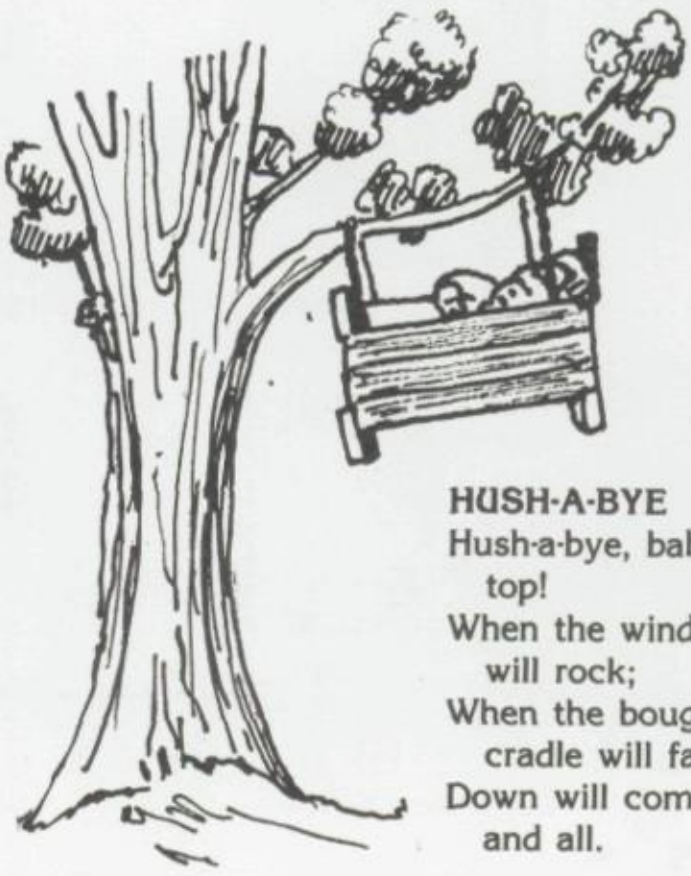
THE PUMPKIN-EATER
Peter, Peter, pumpkin-eater,
Had a wife and couldn't keep her;
He put her in a pumpkin shell,
And there he kept her very well.



HUMPTY DUMPTY
Humpty Dumpty sat on a wall,
Humpty Dumpty had a great fall;
All the King's horses and all of the King's men
Cannot put Humpty Dumpty together again



THE CAT AND THE FIDDLE
Hey, diddle, diddle!
The cat and the fiddle,
The cow jumped over the moon;
The little dog laughed
To see such sport,
And the dish ran away with the spoon.



HUSH-A-BYE
Hush-a-bye, baby, on the tree top!
When the wind blows the cradle will rock;
When the bough breaks the cradle will fall;
Down will come baby, cradle and all.

Graduates

Citizens Of Tomorrow

The Rotary Club of Philipsburg each year invites outstanding members of the Senior Class to attend their weekly meetings. The seniors are chosen on the basis of scholarship and participation in extra-curricular activities.

A boy and girl were selected to attend meetings for a two-week period. They observe the workings of a service club and its contribution to the community. These are the eleven boys and eleven girls selected from this year's senior class to attend their meetings as "Citizens of Tomorrow."

THE MAN IN THE GLASS

When you get what you want in your
struggle for life
And the world makes you king for a day,
Just go to a mirror and look at yourself
And see what that man has to say.

For it isn't your father or mother or wife
Whose judgment upon you must pass,
The fellow whose verdict counts most in
your life
Is the one staring back from the glass.

Some people think you're a straight-shootin'
chum
And call you a wonderful guy.
But the man in the glass says you're only a
bum
If you can't look him straight in the eye.

He's the fellow to please, never mind all the
rest.
For he's with you clear to the end
And you've passed your most dangerous
test
If the guy in the glass is your friend.

You may fool the whole world down the
pathway of years
And get pats on the back as you pass
But your final reward will be heartache and
tears
If you've cheated the man in the glass.

SCHOOL

I sit here and wonder
At how it must happen
They always hire teachers
Whose jaws are flappin'.

We sit there and listen,
Terribly bored.
Shift left, shift right,
Til our bottoms are sored.

We really must stay.
It's part of the plan.
They're going to keep us
As long as they can.

How are we supposed
Our grade to upkeep?
We come home from school
And collapse in a heap!

FACULTY

Administrators And School Board

SCHOOL BOARD MEMBERS, Front Row, l to r: Mr. William E. Abbot, Mrs. Beeres, Mr. Russell Tice, and Mr. Wood. **Back Row,** l to r: Mr. Hoover, Mr. Michael Kochkodin, Mr. Howard Shaffer, and Mr. Clair Godissart.

The **School Board** plays the major decision making role in our school system. This year alone they were responsible for an $8 million dollar budget.

Through their involvement in the June 1985 - July 1986 school year, several noticable changes have taken place. They approved the use of funds for repairs of the roofs of the high school cafeteria and auditorium. In addition to this, they also hired a learning resource teacher on the elementary school level who will help teachers spot students eligible for Intermediate Unit Services.

Indeed, the school board remains busy year round and the results that come from the decisions they make are evident in every school day.

"The P-O Mounties"

P is for ***Practice,*** we do it every day;
We could not win our game if we thought of it as play.
O is for ***Opportunities*** that come with every game.
We know we can do better, but *"OH"* sometimes the pain.
M is the ***Many*** people who come to watch us play
We make their night exciting, at least most people say.
O is for the ***Order,*** each boy has to carry on;
We try to do our best and then the cheerleaders sing our song.
U is being ***United*** in everything we do
We aim to please our coach, of course, and our Moms and Dads too.
N is the ***Nice*** people we meet as we play;
We don't want to hurt them, or cause them any pain.
T is for ***Trying*** to make the best of what we do;
It isn't easy, but with practice, our school we'll shine for you.
I is our ***Interest*** in each other that makes our players strong,
And a day without a practice, makes our day so very long.
E is our ***Energy*** that keeps things alive;
When a talk from our coach just gives us that drive.
S is our ***Satisfaction,*** knowing that we tried;
We lose some, we win some
And our head we hold up high.

GOLF

Golf! Golf!
The lunatic's game;
The minute you play
It'll drive you insane!

Oh, that driver and putter,
Those irons and woods;
Why am I out here?
I wish I understood.

Look! Look at that hook!
What's that? a slice?
Now - straight down the middle,
Oh boy, that was nice!

A nice little chip
Close to the pin;
Now a soft little putt
For the ball to go in.

I hit the ball softly
And it flies past the cup;
I've had enough of this game!
I'm giving it up!

Junior Miss

Emphasis On Excellence

. . . are three words that became extremely important to six girls from P-O High School this year.

"Emphasis on Excellence" is the slogan that the Centre County Junior Miss Committee has given to its yearly pageant. Each spring, approximately twenty girls are chosen from the five high schools in the county to compete for the title of Centre County Junior Miss. In order to be selected as a finalist, each applicant must pass several rigid requirements early in May.

Once the contestant has successfully completed all the necessary requirements and has been selected as a finalist, the busy schedule begins.

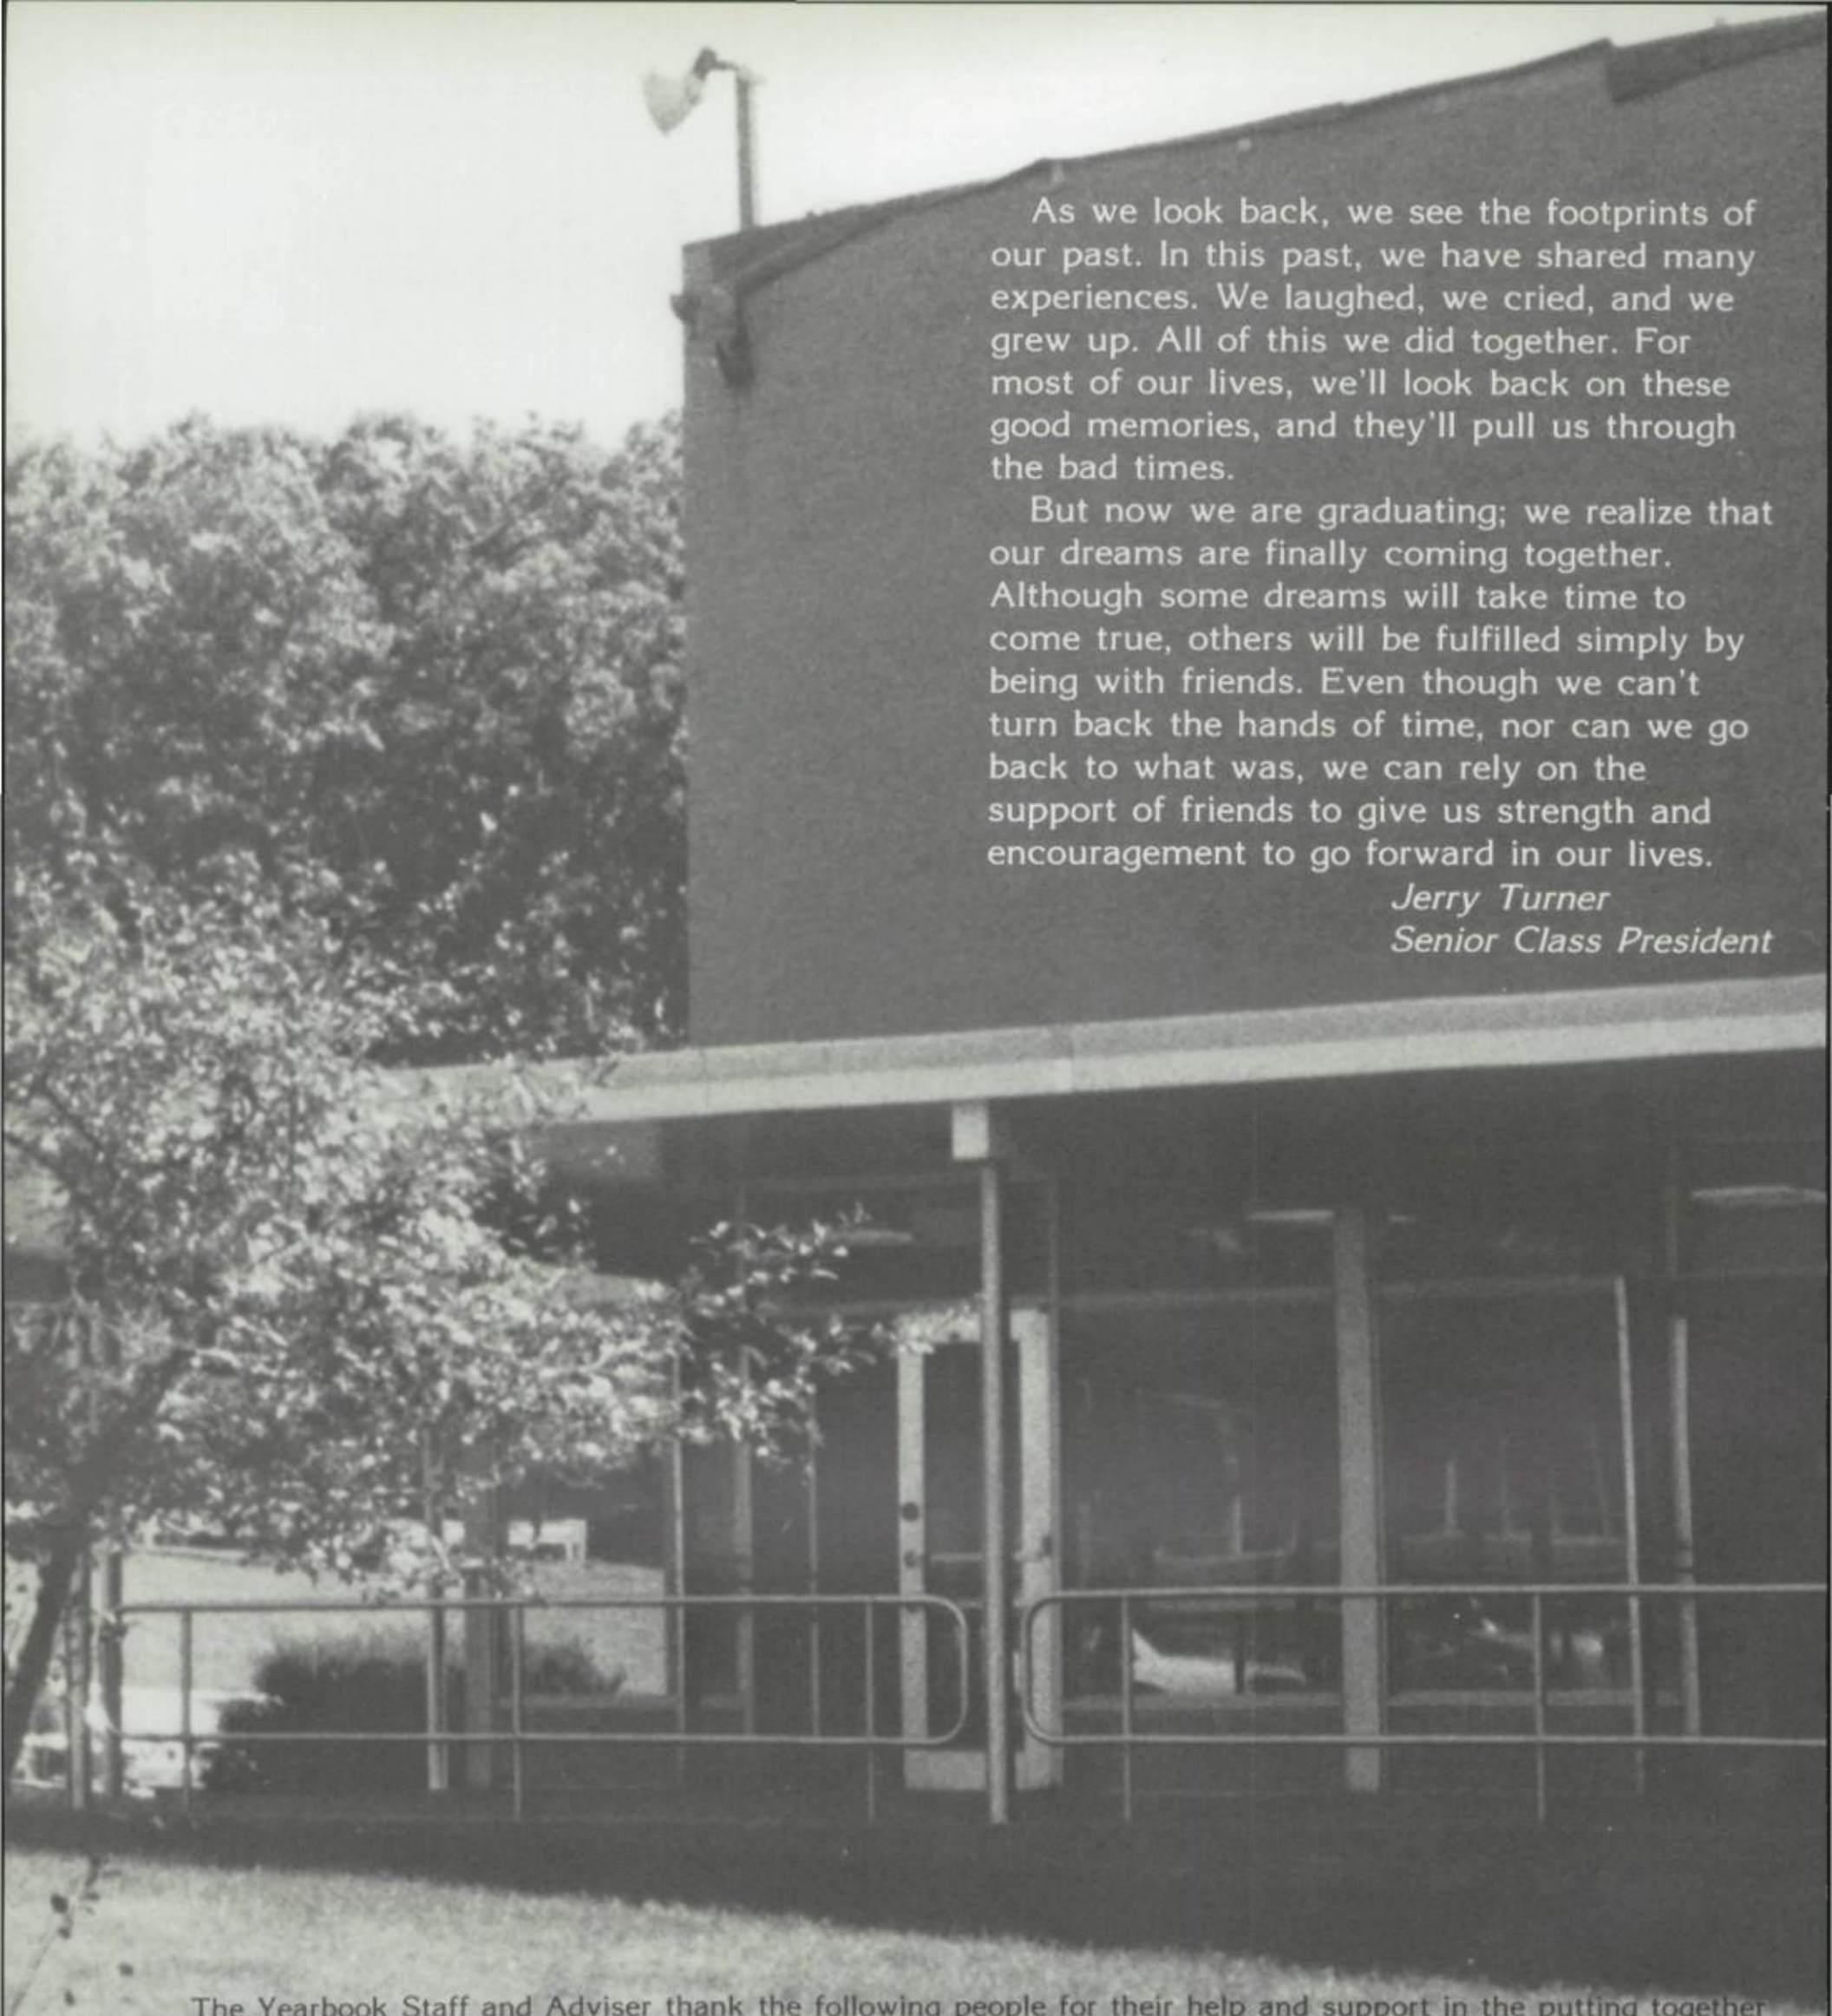
Brody's



As we look back, we see the footprints of our past. In this past, we have shared many experiences. We laughed, we cried, and we grew up. All of this we did together. For most of our lives, we'll look back on these good memories, and they'll pull us through the bad times.

But now we are graduating; we realize that our dreams are finally coming together. Although some dreams will take time to come true, others will be fulfilled simply by being with friends. Even though we can't turn back the hands of time, nor can we go back to what was, we can rely on the support of friends to give us strength and encouragement to go forward in our lives.

Jerry Turner
Senior Class President

The Yearbook Staff and Adviser thank the following people for their help and support in the putting together of this year's *Mountaineer:* **MR. JOHN MACKIN,** *high school principal,* for his advice, support, and co-operation; **MR. MARSHALL WAGNER,** *assistant principal,* for arranging photo schedules; **MR. MIKE MCLAUGHLIN,** *school photographer,* for training staff photographers, offering many creative ideas, and meeting all our photo deadlines (especially the last one!); **MR. GEORGE VOYZEY,** *art instructor,* for doing such a terrific job with art requests, many on short notice, but always met promptly and with a smile; **MRS. MARGOT KNEPP,** *business instructor,* for supervising business students in the patron's correspondence and in typing the *Senior Section,* including *Senior Secrets* and the *Senior Portraits Section;* and **ALL ADVISERS** and **COACHES** for co-operating in meeting photo sessions, supplying scoreboard information, and verifying photo identifications. All these people helped to make this year's book extra special, and we appreciate their hard work and patience with an inexperienced crew. We hope it will be easier next year.
